

Leave a gift in your Will

A legacy of love, a future of hope

Kids Club
Kampala

A message from our CEO

"A gift left in your Will is far more than a donation, it is a promise of a brighter future for those that need it most" - Olivia Barker White

Welcome to our Will guide, aimed to answer your questions and clear the fog around leaving a gift in your Will.

Firstly, thank you for taking the time to consider leaving a gift to Kids Club Kampala. This is truly one of the most impactful ways you can support children and families in East Africa.

For the communities we work with, your gift offers security. A promise of hope, equipping the next generation with the opportunities and skills they need to thrive.

Your legacy won't end here.

Through holistic support, children and families are able

to create a sustainable income, and pass these skills on when they have families of their own.

Through your legacy, you are changing the future for generations to come.

Thank you for joining us in this journey.

Olivia Barker White
CEO and Co-Founder

Our programmes

Child Protection

Our Child Protection Programme combines a range of targeted activities for children and teenagers, a community-based abuse prevention approach, support with social justice cases, and an emergency response to safeguard children in imminent danger that includes care provision.

Access to Education

We provide children the opportunity to learn with free classes from their early years of schooling, right through to university sponsorship. Over the long term, this programme will contribute to reduced child poverty across East Africa.

Family Strengthening

Our Family Strengthening Programme equips parents with vocational and business skills to reduce poverty, ensure food security, and create sustainable income. These include skills such as tailoring, knitting, carpentry and agriculture, alongside training response methods to the local impacts of climate change.

Adam's story

Adam* is just 6 years old.

"Since I didn't get a chance of going to school, I always had a dream of educating my own children. This dream felt unreachable when my husband abandoned me with my children.

I wasn't making enough from my vending job to send Adam to school. Fortunately, I learnt of this project and that is when the hope of educating my children returned. Adam started going to KCK. KCK volunteers took good care of him in that even on the weekends, Adam didn't want to stay home.

He wanted to go to the KCK centre. He was fed well and also given good education at no cost. Adam loves school because he is now in primary 2 and I know that he will bring back hope in this family through him being educated."

Unlock a child's future

Your legacy will not just provide for children today - it will continue to bring hope, safety, and opportunity for generations to come.

East Africa is one of the poorest regions in the world, with almost half of the total population living in extreme poverty. Millions of children are vulnerable to harm, abuse, and abandonment due to poverty.

Our projects work with the communities they support to integrate solutions that last.

We're not just here for the short term. Together with the help of supporters like you, we are helping children and families move from surviving to truly thriving.

By leaving a gift in your Will, your legacy can unlock a child's future.

Your Will provides stability and security for your loved ones. With a gift, you can extend that same security to a family in East Africa.

Join the Kids Club Kampala family, and help us end generational poverty.

Different types of gifts

A share of your estate

This can be a percentage of what is left over once loved ones are provided for, called a residuary gift, or it can be any percentage you like. As this gift is a proportion of your estate it keeps pace with inflation.

A fixed sum of money

This is a specific amount, also known as a pecuniary gift. You can choose any amount you like but it's worth reviewing periodically as it may lose value over time due to inflation.

A specific item

You can also choose to leave a particular item, such as a piece of jewellery, an antique or even a property. A gift like this should be named in your Will.

Importance of having a Will

Peace of mind

A Will ensures that your wishes are executed. Whether that's details you want in your funeral, or things you hope for your loved ones to do.

Your impact

Throughout your life, you have the power to make a positive difference. By leaving a gift, you can ensure that the causes you care about continue to be supported after you are gone.

Security

A Will makes sure that your loved ones are cared for, offering them financial security for the long term, and providing stability.

Cost efficiency

A well-prepared Will can minimise administrative expenses and taxes, leaving more for your beneficiaries.

FAQ's

Where do I start?

We offer a free Will writing service to ensure the process is as smooth as possible. The process is very simple and you can edit your will at any point in the future. You can access this online at <https://www.freewills.co.uk/charity/kck>

What about inheritance tax?

Any gifts left to charities are exempt from Inheritance Tax. Including a charitable gift can sometimes help reduce the tax on your estate, but it is a complex and often-changing area of law. We advise you visit GOV.UK for the latest information.

What is an executor and why do I need one?

An executor is someone who takes care of your Will once you have died, to ensure that your wishes are followed through. You can appoint a friend or family member to be an executor, even if they are set to benefit from your Will. Alternatively, for a fee, you can appoint a solicitor or financial advisor.

Danny's story

Born in 2000 in Mpuguso Village, Danny* lost his father as an infant and was raised by his grandmother.

He began receiving free support with his education in primary school, which continued through secondary school and later through his Public Administration studies at the Tanzania Public Service College, where he completed his diploma in 2022.

In 2023, Danny started working as a Safety Officer at GSAM Holding Company Ltd and was promoted in 2024 to Deputy Manager in Mineral Processing. This opportunity has enabled him to become financially independent and support his family.

Danny got married in September 2025 and shares deep gratitude to all donors and supporters who helped him achieve his dreams.
